## **BANG-IT!**

### **Door Hinge Pin Remover**

#### **from Taylor Tools**

A new door hinge pin remover from Taylor Tools provides fast, easy extraction of hinge pins without damaging doors or molding.

After inserting the BANG-IT's extraction pin into the hinge, a tap on the base of the BANG-IT forces the hinge pin upward. The forked end of the BANG-IT can then be easily placed under the head of the hinge pin for removal.

Made in the U.S.A., BANG-IT's durable plastic construction protects against damage to surrounding surfaces.

The #835 BANG-IT is the latest in unique, innovative tools for the flooring industry from Taylor Tools.
