High-Flow Plastic Filters Introduced

A new series of black or white polypropylene filters is now available from Industrial Specialties Mfg., Inc.

Ideal for air, liquid or vacuum service these quickly disassembled filters are easily serviceable by replacing the filter materials. Filters are offered in filtration of 15, 30, 70, 110 and 170 micron porous disc material. Nylon screen filters are also available.

Pressures to 125 psi and temperatures to +140°F can be attained. Buna-N seals are standard with ethylene, propylene, fluoroelastomer or neoprene optional. Materials are NSF approved.

Filters are available with 1/4, 3/8, 1/2 and 3/4 female pipe threads. Other thread sizes are possible with adapters.
